GENERAL CURRIE FORMALLY OPENS WILLOWS FAIR

Many Notables Invited to
View Victoria's Exhibition

Livestock Parade Biggest
Seen Here

In the presence of the largest aggregation of distinguished people of Canada and Britain which has ever attended the Victoria Exhibition, General Sir Arthur Currie this afternoon formally declared the Fair open to the public, the ceremonies taking place at the Grand Stand, which was filled to overflowing with Victorians celebrating Citizens' Day and visitors from other sections of the Province.

Included in the list of guests invited by the Agricultural Association were members of the Montreal Board of Trade and the British Members of Parliament accompanying them in their cross-Canada tour, Senators Bernard and Green, Premier Oliver and his Cabinet, Mayor Marchant, the City's Aldermen, the Municipal Councils of Sanitch, Oak Bay and Esquimalt, the members of the Appellate, Supreme and County Court Judicial Benches, Dean Guiraud, clerical luminaries of the denominations and official representatives of the Chamber of Commerce and the other semi-public bodies of the City. Alderman W. B. Perry acted as Master of Ceremonies.

The band of the Sixteenth Canadian Scottish provided the main musical programme, being reinforced by the Naval Brigade, which attended with a strong turn out of the rank and file, who performed flag exercises on the grounds.

Numerous Livestock.
The livestock parade introduced to the assembly some of the best animals in the Province, the line-up being more numerous than any event of the kind ever held before at the Willows.

The spectators were aroused to a high pitch of enthusiasm by the display of reckless riding staged by the Albertan cowboys and cowgirls, experts in broncho-busting, which added all promises of something new and thrilling.

The abandonment of horse racing by the Agricultural Association, as a consequence of the action of the Oak Bay Council in prohibiting any such feature, either with or without wagering facilities, was a general subject of discussion among the early visitors to the Fair, debate of this prohibitory fiat being in progress in all the buildings and the grounds.

COMMITTEE FOR RUSSIAN RELIEF CONTINUES WORK

Geneva, Sept. 20.—The International Committee for Russian Relief, it was announced to-day, has decided to continue its work under the direction of Dr. Fridtjof Nansen, of Norway. The organization will bear Dr. Nansen's name, its title in French being "Action Nansen."

SIX MEN TO BE TRIED IN CAIRO

Outcome of Attack on Britisher
in Government Service

London, Sept. 20.—(Canadian Press Cable)—A Reuters dispatch from Cairo says the Department of British Crime, under Ingram Bey, has made six arrests in connection with the outrage a month ago when Director Brown, of the Ministry of Agriculture, was fired upon and wounded by natives while driving to the station with members of his family. The case has been handed over to the military authorities and the trial probably will start next week.

THUG HUNTED IN WASHINGTON STATE

Youth Killed on Ranch;
Brother Wounded

Spokane, Sept. 20.—August Bon-Joni, aged 18, was shot and killed, and his brother Joe, aged 40, was badly wounded at the Bonjoni ranch near Wilson Creek, in Grant County, last night by a stranger who first appeared at the ranch last Sunday, according to information received here to-day. The sheriff at Davenport, Lincoln County seat, said over the telephone tonight that the description of the slayer tallies with that of the man who attacked the O'Hara family at Olympia several days ago.

MANSLAUGHTER LIFE SENTENCE

Chatham, Ont., Sept. 20.—Found guilty of manslaughter, connected with the death of Gustave Noel, his former friend and benefactor, Clayton Croft was given a life sentence here to-day. Mr. Justice Lennox declared he had seen no greater exhibition of callousness than that displayed by the prisoner.

LEAGUE REFERS TURKISH PROBLEM TO A COMMITTEE

Geneva, Sept. 20.—The proposal by Dr. Fridtjof Nansen that the League of Nations intervene in Asia Minor was referred to-day by the League Assembly to its Political Committee.

DEBATE DEBTS AND DISARMAMENT

League Delegates Hear Lord
Robert Cecil's Views

French Will Present a Plan
To-morrow

Geneva, Sept. 20.—Inter-Alleied debts and reparations were brought into the discussions of the League of Nations Assembly when Lord Robert Cecil to-day threw into the Disarmament Committee his long promised bombshell. It was in the form of a supplemental report to the committee in which he boldly opened discussion of the whole question of inter-governmental war debts and reparations. Upon these questions Lord Robert said depended the whole scheme of disarmament.

Supported by French.
His reading of the report caused a sensation which was intensified when M. de Jouveval, on behalf of France, stood up and said he was in accord with Lord Robert that the question of disarmament did depend on the economic situation to a great extent and that the economic situation was inseparably bound up with the question of inter-governmental debts and reparations.

It is generally understood here that Lord Robert and M. de Jouveval are in perfect accord, but not in full harmony with the British delegation.

The committee's action is expected to be a recommendation to the Assembly of the League for the adoption of a resolution, the form of which will depend upon the outcome of the debate.

IMPRESSED WITH CANADA'S VAST POTENTIALITIES

Deputy Speaker of British
House of Commons Here

Impressed with the vast potential wealth of Canada and confident the Dominion has a great future, Sir Edwin Cornwall, Deputy Speaker of the British House of Commons, one of the most democratic of the British Parliamentarians now on a visit to Victoria, told The Times this morning of his impression of Canada derived from the trip across the continent with the Montreal Board of Trade.

"It is marvelous to think what two million men in Canada have done to estimate that such is the wealth of Canada's manhood. If these men of Canada can do what they are doing to-day, what vast possibilities the future must hold," said Sir Edwin. "Canada will soon have a tremendous population. It is only natural that with her wonderful resources such should be the case," said Sir Edwin. He pointed out that it would only be natural that the country would pass through periods of slackening and booming but he prophesied that the next movement would be one of immense development.

Larger Development.
As far as the Pacific Coast is concerned, Sir Edwin considered that the larger development would take (Continued on page 4.)

CAVALRY OF FASCISTI TO GATHER IN ROME

Rome, Sept. 20.—The Fascisti are forming squadrons of cavalry which are being instructed to concentrate in Rome next month.

DAMAGE DONE BY TYPHOON IN PHILIPPINES

Manila, Sept. 20.—Serious damage is believed to have resulted from a typhoon which swept over the Philippines for thirty-six hours, and which is reported to have been severest in Northern Luzon.

Two small coastwise vessels were sunk in Manila Bay, but no lives were lost.

Chinese Sailing Junk Amoy Arriving in Victoria Harbor

200,000 NEED AID AT SMYRNA

Allies Urged to Save Chris-
tians There

Thongs Now Helpless on
Seashore There

Mitylene, Off the Asia Minor Coast, Sept. 19.—The British, French and Italian consuls have telegraphed the Allied Commissioners in Constantinople the following: "About 200,000 Christians are still lying on the seashore at Smyrna awaiting help."

"The Turkish proclamation for war prisoners from 15 to 45 means deliberately exposing the Christians to death from hunger and massacre, as all identification papers have been burned."

"Unless pressure is immediately applied nobody will survive."

"Please act urgently before it is too late."

A Constantinople dispatch Tuesday said permission to send vessels to Smyrna to take off the Christian refugees had been granted by Mustafa Kemal Pasha to the Allied Powers, the United States and Greece, but that males between the ages of 15 and 45 were excepted and it was presumed the Nationalists intended to use them for military purposes.

A Smyrna message to-day declared Kemal had declined the request of the Allies to permit Greek ships to remove refugees, pending his submission of the matter to Ankara.

NEGOTIATIONS BY VALERA REPORTED

Said to Be in Touch With
Dublin Government

Belfast, Sept. 20.—The Dublin correspondent of The Belfast Telegraph asserts to-day that negotiations are proceeding between Eamon de Valera, the republican leader, who is in Dublin, and the Provisional Government.

"De Valera is in hiding," the message adds, "but through an intermediary he has made and received certain overtures."

"There is a growing feeling in Dublin that it would take years to suppress the republicans and that the operations would bankrupt the Free State. Moreover, the republicans are feeling the pinch in the matter of supplies."

A report similar to the foregoing was contained in a Belfast message to The London Daily Express to-day. This message declared de Valera was in hiding in Dublin and seeking through an intermediary to arrange a conference with the Free State leaders to discuss peace terms.

Campaign.

Belfast, Sept. 20.—The national troops continue their vigorous campaign against the republicans. During a clean-up of County Sligo, in which the national troops converged from six points upon a village where the republicans had their headquarters, fifty prisoners were taken. The nationals used a field gun.

ASSEMBLY ASKS KEMAL TO CONTINUE HIS OPERATIONS

Constantinople, Sept. 20.—The Turkish Nationalist Assembly at Ankara, by an overwhelming majority, has extended the dictatorship of Mustafa Kemal Pasha, and has authorized him to continue the war until all the conditions prescribed in the Nationalist pact have been fully achieved.

ENJOYED TRIP ACROSS CANADA

British Parliamentarians and
Montrealers Delighted

On the suggestion of W. M. Birks, president of the Montreal Board of Trade, the centenary of the organization was celebrated by a trans-Canada tour in which prominent British Parliamentarians were asked to participate. The result is that one hundred and fifty prominent men from Eastern Canada and Great Britain are to-day enjoying the wonderful attractions of Victoria and the surrounding district, with which all have expressed the keenest delight.

"The trip across Canada was magnificent, and the weather conditions were ideal. None of the British party have been in Canada before, and they were amazed with the extent and resources of the country," said Mr. Birks to The Times this morning.

Mr. Birks paid his first visit to Victoria twenty years ago, and he has been here frequently since.

In proposing the trans-Canada tour to celebrate the centenary of the Board of Trade work to do away with sectionalism and this is one of the best ways of doing it, to make it possible for all parts of Canada and the Empire to get together.

Mr. Birks wrote the Canadian High (Continued on page 14.)

ALASKA MINER WAS DROWNED

Nome, Alaska, Sept. 20.—James Andrews, a prominent miner operating gold mines between Cripple and Rodney Creeks, west of Nome, was drowned last night while attempting to ford Penny River, nine miles from here.

BRIDEGROOMS, NERVOUS, SAT ON THEIR HATS

Toronto, Sept. 20.—In their nervousness four of the thirty-one applicants for marriage licenses at the City Hall yesterday ruined their hats by sitting on them. "First of all give me your hat before you take a chair," is to-day the cautious request of the kind-hearted officials when the prospective bridegroom enters the office where the licenses are issued.

LIBERAL MEETING

A general meeting of the Victoria and District Liberal Association will be held in the Liberal Club auditorium commencing at 8 o'clock Friday evening, and a full attendance of members of all wards is requested.

The meeting has been called for the special purpose of discussing the resolutions which will be brought before the Provincial Liberal convention which will be held in Nelson on September 23 and 25.

HON. J. H. KING IS CALLED TO OTTAWA

Message from Premier Cuts
Short Visit in B. C.

Believed Near Eastern Situation
Is Cause

Vancouver, Sept. 20.—Hon. J. H. King, Federal Minister of Public Works, who is in the Province on departmental business, was in receipt of a wire to-day from Premier King, recalling him to Ottawa. He will leave for the East to-morrow evening. Dr. King had planned to remain in British Columbia until the end of the month.

While refusing to divulge the contents of the wire from the Prime Minister, Dr. King intimated that it was of such a nature that he felt it his duty to return to Ottawa immediately.

CROWDED RODOSTO BECOMES CENTRE OF COMMUNISM

Rodosto, Thrace, Sept. 20.—This little town on the north coast of the Sea of Marmora is overcrowded with Greek troops and refugees and is fast developing into a Communist centre. Two Governments are attempting to function here, one composed of royalists and the other of followers of Former Premier Venizelos, but the Communists are continually stirring up trouble.

JOHANNESBURG MEN READY TO ENLIST

London, Sept. 20.—(Canadian Press Cable)—Numbers of men came forward yesterday, says a Reuters dispatch from Johannesburg, to enlist for service in connection with the Near Eastern crisis. The authorities at Johannesburg were obliged to post notices that no recruiting had been authorized for service in Asia Minor.

SASKATCHEWAN OFFERS TROOPS

Saskatoon, Sept. 20.—Lieut.-Colonel W. J. White, D. S. O., M. C., officer commanding the First Battalion, Northern Saskatchewan Regiment, wired the headquarters, Military District No. 12, at Regina last night: "Prepared to organize at once for active service. Inundated with applications to serve the Empire."

U. S. JUDGE UPHOLDS AMERICAN SEIZURE OF BRITISH SHIPS

Boston, Sept. 20.—In a decision to-day sustaining the seizure of the British schooners Grace and Ruby six miles offshore, Federal Judge Morton ruled that rum-running ships were not immune from seizure by the mere fact that they were beyond the three-mile limit.

An appeal from Judge Morton's decision will be taken to the United States Supreme Court, counsel for the owners of the vessels said.

BONDS SOLD

Yorkton, Sask., Sept. 20.—A town bond issue of \$25,000, bearing interest at 6 1/2 per cent, serial annuity, has been sold to the Bond and Debenture Corporation of Canada, Winnipeg, at 99.07, payable in Winkler funds.

OTTAWA BELIEVES TENSION RELIEVED

Optimism Exists Regarding
Near Eastern Situation

No Meeting of Cabinet Held
To-day

Ottawa, Sept. 20.—(Canadian Press)—Optimism prevails in regard to the Near Eastern situation. So far no meeting of the Cabinet has been called for to-day, and this fact, coupled with the more reassuring news from Europe, is taken to imply that the tension has been relieved and the crisis virtually passed. All members of the Cabinet who have attended the meetings of the last two days are in town, however, and may be summoned together at a moment's notice should word necessitating such a course be received from Great Britain. Although no official statement has been issued, there is a confident hope expressed here that the conversations in progress between the British, French and Italian Governments will lead to a peaceful settlement of the points at issue.

An Obstacle.

The decision of the Turkish Nationalist Assembly at Ankara, as intimated in previous dispatches from Constantinople, to continue the war until all the conditions of the national policy have been fully achieved, may prove a considerable stumbling block in the way of peace. It was this Nationalist Assembly which, meeting in Ankara in April, 1920, under the presidency of Kemal Pasha, declared itself invested with all powers, both legislative and executive, without, however, breaking off its allegiance to the Sultan. It claims to be the only lawful Government of Turkey and exercises the functions of government in Asia Minor.

However, the dominant opinion here is that peaceful counsels will prevail.

BRITAIN ADDS TO NAVAL FORCE IN NEAR EAST

Malta, Sept. 20.—Various units of the British Atlantic Fleet are on their way to join the naval forces in the Dardanelles. It is learned, however, that a second destroyer flotilla has been ordered from England, and that the light cruisers Caledon and Carysfort are due here shortly on their way to Constantinople.

TORONTO WOMEN OPPOSE SENDING OF TROOPS ABROAD

Toronto, Sept. 20.—The Daughters of Canada, at a special meeting last night, placed themselves on record as opposed to any participation in the war in the Near East, believing it to be a commercial enterprise.

"The resolution, which is a quotation from a press interview with General Sir Charles Townshend in the words, 'We have no business in Constantinople, and the sooner we get out the better,' and expressed the meeting's entire accord with this opinion."

LABOR UNIONS IN BRITAIN DECLARE AGAINST WAR

London, Sept. 20.—The council of the National Association of Unions in the Textile Trade, comprising thirty-one organizations, yesterday passed a resolution protesting against the Government's war plans and requesting the general council of the Trades Union Congress to meet members of trade unionists throughout the country to demand abandonment of the Government's war policy.

MANY IN EGYPT PRAY IN MOSQUES FOR THE TURKS

London, Sept. 20.—(Canadian Press Cable)—The rumor that Great Britain was resuming war against the Turks created great excitement in Egypt, says a Reuters dispatch from Cairo. In Cairo and Alexandria crowds were to be seen about the mosques, praying for the Turks.

SOVIET SENT GOLD TO AID TURK FORCES

London, Sept. 20.—The Times asserts that, according to news from well-informed sources, the Bolsheviks have been for a long time transferring considerable quantities of gold and precious stones to help equip Kemal Pasha's army.

BLOEMFONTEIN PAPER DENOUNCES THOUGHT OF WAR

London, Sept. 20.—(Canadian Press Cable)—The newspaper Bloemfontein Friend, according to a Reuters cable from Cape Town, says the Near Eastern crisis puts the much-discussed question of Dominion status to a crucial test.

The newspaper urges the Government of the Union of South Africa to reply to the British Government's note to the effect that the people of South Africa do not propose to waste a single South African life in a mad adventure in a Balkan War.

EIGHT NATIONS TO SEND DELEGATES TO PEACE CONFERENCE

Allied Leaders' Plan Includes Britain, France, Italy,
Greece, Turkey, Jugo-Slavia, Rumania and Japan;
British Cabinet Meets.

Paris, Sept. 20.—The Allied conferees on the Near Eastern situation decided late to-day to call a peace conference of eight nations interested in a settlement to determine the terms of peace. This conference will meet probably within two or three weeks. The conference, it was announced, will consist of representatives of Great Britain, France, Turkey, Italy, Greece, Japan, Rumania and Jugo-Slavia.

Great Britain was represented at the discussion to-day by Lord Curzon, the Foreign Secretary. He conferred with Premier Poincare.

The two Ministers outlined to each other at great length the views of their Governments.

London, Sept. 20.—On a sudden call, the Cabinet Ministers met informally at Downing Street at five o'clock this evening. A formal council was called for nine o'clock this evening.

BRITISH FORCE STAYS AT CHANAK

French and Italian Troops Are
Withdrawn

No Confirmation Kemalists in
Neutral Zone

London, Sept. 20.—Official confirmation was received here to-day from Constantinople, stating that the French had withdrawn their troops from Chanak and that the Italians were apparently doing the same thing. The British force is remaining alone at that point.

London, Sept. 20.—Renewed reports received here that Mustafa Kemal Pasha's cavalry has invaded the neutral zone around the Dardanelles and that he is moving large forces in that direction evidently rest upon unconfirmed rumors and are disbelieved in well-informed quarters.

Turkish cavalry patrols admittedly have reached points, including Bigha, not greatly distant from Chanak, where the British are entrenching and otherwise preparing to resist a possible advance of the Kemalists, but none of these points is within the boundary of the zone.

Mustapha Kemal is believed to be in Smyrna, whence he is expected to send his request for permission to occupy Thrace, as recorded in an Associated Press dispatch yesterday.

REPORTED KEMAL PLANNING ATTACK

Possession of Dardanelles Declared His Desire

Warning Was Given by the
French

Constantinople, Sept. 20.—Information that Mustafa Kemal Pasha is preparing to launch an attack for the possession of the Dardanelles in spite of the exhortations of General Pelle, French High Commissioner, is causing uneasiness and anxiety in Allied military circles in the capital. It is not improbable that such an attack will be made before the end of the present week, it is stated. The Turks taking advantage of the fact that the British have not concentrated all their forces.

The British, however, are declared to be determined to hold the straits at all costs.

One of the best evidences of this is the fact that many British subjects, including the families of officers, are leaving the city.

It is understood here that the French Cabinet warned the Ankara Government of the inadvisability of an assault on the neutral zone, but the Nationalists are believed to have replied that the proposed attack is in the nature of a defensive and protective movement in view of Great Britain's military preparations in support of her alleged policy of depriving Turkey of Thrace.

The Kemalists are in dangerous proximity to the neutral zone.

JUNK ON SHOW

The Chinese junk Amoy, now at anchor in the Inner Harbor after its 91-day voyage from the Orient to Victoria and presents one of the most novel and picturesque vessels ever entered at the Port of Victoria, will be on show during Exhibition week and possibly for some time thereafter.

The Amoy's skipper has arranged through the Publicity Bureau to allow visitors on board on paying the charge of 25 cents. Part of this will go toward the funds of the Bureau for publicity work.

FOURTEEN KILLED IN MEXICAN SMASH

Mexico City, Sept. 20.—Fourteen persons were killed and seventeen injured in the wreck yesterday of a northbound passenger train at Empalme Gonzales. It was announced to-day by the National Railways executive office. The wreck was caused by a washout.

SAFEGUARDING U. S. CITIZENS' RIGHTS

American Government Has No
Broader Plans in Near East

Sir John Gibson Urges Differ-
ent U. S. Course

Washington, Sept. 20.—The interest of the United States in the Near Eastern crisis is confined to the safeguarding of the rights of American citizens. In the view of administration officials.

RUSSIA WILL NOT SEND ARMED MEN

No Troops to Be Added to the
Turkish Army

No Aid Beyond Supply of
Munitions

Moscow, Sept. 20.—Russia intends to support the Turks morally, and perhaps will give them munitions if they should be needed, but it is considered in Moscow as extremely unlikely that Russian troops will be sent on the Near Eastern front if they attempt to take Constantinople.

While preferring the Turks to the Allies as the holders of Constantinople, still it is understood the Soviet leaders have decided to take no steps which might bring them into a real war with Great Britain. The Russian staff might give advice either from a distance or on the ground, but no troops will be sent, it is stated here.

Some of the Russian leaders declare Constantinople should be Russian, but next to that they prefer Constantinople Turkish, but strongly influenced from Moscow. However, all Russia is tired of war, and the leaders are pledged to the task of reconstruction.

BIG SNAKE, PUPPIES, CATS IN NICE STEW

Nice flaky luscious-sneak meat like salmon, tender puppy flanks, filleted cats and fat ducks.

That is what composed the tasty stew on the Chinese junk "Amoy" after the crew subdued the big snake which came aboard and attacked them one night while they were anchored off the China Coast.

The "Amoy" is the little Oriental craft that blew into Victoria Harbor yesterday after an ninety-one day sail across the Pacific Ocean, 5,300 miles from Shanghai.

The monster, after being dispatched, was hauled up on deck. The Chinese crew at once got busy on him with their knives, the captain said, and with the other foregoing choice meats contributed, they and their friends set out and had their feast of the year.

HONOR PAID SIR ARTHUR CURRIE

Graduates Entertain McGill's Chief at Dinner

A dinner was given in honor of Sir Arthur Currie and the three Governors of the McGill University who were present last evening at the Union Club by the McGill Graduates Society, at which there was a very large attendance.

Sir Arthur Currie was paid a high tribute. The Governors were William Birks, Mr. Ross and Colonel Stark, who arrived in the city with the delegation of the Montreal Board of Trade.

George H. Dawson, president of the Society, presided. General Ross, D. O. C., Hon. Dr. W. H. Sutherland, Rev. Dr. W. Leslie Clay, Dr. H. E. Young, S. J. Willis, Superintendent of Education, W. Fleet Robertson, Colonel Lorne Drum and others were at the head of the table.

Messrs. Wood and Barron, McGill graduates, who are members of the Montreal party, also were present.

Hon. Dr. Sutherland proposed the toast to Sir Arthur Currie. Responding to the toast, Sir Arthur referred to the \$5,000,000 which had been raised in a financial campaign of 1920, and detailed the plans of its expenditure in the several new buildings which are now being erected. A new building in the Group of Science buildings will be devoted to mining and electrical engineering, building the present chemistry building, which will be devoted entirely to the latter use.

It is the intention of the University to stress the development of industrial chemistry as a new feature in the educational work.

In the Arts Department many additions have been made to the staff. There are now three thousand students attending the University. Dean Lang has proved a great find to the Arts faculty, which is now equipped so efficiently that it is second to none.

Referring to McGill's present enviable position, Sir Arthur did not overlook the part which the University graduates had played. Their positions in professions and industries had had a great deal to do in giving McGill its name among the leading educational institutions of the world.

Sir Arthur spoke of the excellent opportunity that all educationalists had in making a contribution to the building up of a nation by preparing men and women for service to their country. Their first ambition is to make a man, and afterwards a doctor or a lawyer, he said.

The future plans of the University included many developments which would all tend to place McGill in the foremost position.

The toast to "Old McGill" was proposed by Dr. M. W. Thomas, who coupled with the name of the University the Governors, including the three present, Messrs. Birks, Ross and Colonel Stark, who replied and praised the loyal support from every branch of the faculty, without which success would be impossible.

The Governors referred to the organizing ability of Sir Arthur and his leadership and the ability to fire others with his enthusiasm.

The musical portion of the programme was greatly enjoyed. Dr. Hermann Robertson presided at the piano and sang a number of solos which were heartily applauded. He also led in the singing of old college songs.

STATES CABINET'S PLANS ARE CLEAR

Hon. J. Murdock Speaks of Near Eastern Situation

Indicates View Great Forces Not Needed

Montreal, Sept. 20.—In an interview with the Quebec correspondent of La Patrie, Hon. James Murdock, Minister of Labor, sailing to-day on the liner Empress of Scotland for the Geneva labor conference, is reported to have said when questioned on the subject of the situation of Canada and a possible war with Turkey:

"I am convinced that Canada will not do anything foolish. The Cabinet is absolutely unanimous on the response which will be given to Great Britain. It appears that there are 70,000 Turks to fight at the Dardanelles, Italy, Rumania, Jugo-Slavia and Czechoslovakia enough soldiers to exterminate 70,000 Turks? That is what I think. I am convinced that there are enough soldiers in the Allied countries to vanquish the 70,000 Turks who wish to seize the Dardanelles. To kill a sparrow it is not necessary to use a big cannon."

TALE OF A CAT HEARD IN CITY

POLICE COURT

Killing of Mother Cat on Board by Lady "Was Not Act of Wanton Cruelty"

Arising out of an unusual incident which took place on Thursday afternoon of last week on Broad Street in front of the shipping department of Messrs. David Spencer, Ltd., the tale of a cat was heard in the City Police Court to-day. How the cat, a mother of two kittens, new at a dog in the protection of its offspring, and was beaten to death by its pains by the owner of the dog, was unfolded to the Court to-day.

The cat struck once by the owner of the dog, had its spine fractured completely, and had three broken ribs on the left side of its body. It struggled for a few brief moments and then died in the presence of an excited gathering, some of whom had seen the act.

S. P. C. A. Prosecutes.

Charged on an information laid by Inspector G. T. Maurice, of the local branch of the S. P. C. A., with unlawfully and cruelly ill-treating a cat, contrary to the criminal code, Mrs. M. Russell, 139 St. Andrew's Street, pleaded not guilty to the charge through her counsel, Sidney Child.

Mrs. M. Russell, the accused, carrying an umbrella to-day, then took the stand in her own defence. Witness frankly admitted striking the cat, but was positive it was on top of the dog at the time. Witness struck just the one blow with her cane, she said, but it was the cat, she said, which was hit. It was with witness thought the cat was "subject to fits, and was having some sort of a fit."

Mr. Child did not address the Court, beyond stating the affair was an unfortunate one in which the accused had tried to protect her dog without bearing any malice toward the cat.

Urges Conviction.

C. L. Harrison for the Crown urged that the blow was unnecessary and of unusual violence. The cat was not struck for the dog, as the witness said, but for the cat, she said, which was hit. It was with witness thought the cat was "subject to fits, and was having some sort of a fit."

Two witnesses saw the blow land and stated the animals were not together at that time, he continued. Further, urged the prosecution, the cat must have been on a solid base to sustain the damage it did, or else it would not have suffered so much. The act was an unnecessary and a wanton one, when the cat was obeying a natural instinct in the defence of its young, concluded Mr. Harrison.

The accused is charged with unlawfully and cruelly ill-treating a cat, remarked the Court. "Under the code this offense is liable to a penalty. I think that the word 'unnecessary' in the code means without reason, but 'wanton' and 'cruelty' give rise to a meaning of repeated acts."

Charge Dismissed.

It was natural instinct of the cat to protect her young, and it attacked the dog. That being so, Mrs. Russell, too, was justified in protecting her dog," continued the Court. "I have no doubt that the cat, on top of the dog at the time of the blow, for Mrs. Russell was screaming. The blow must have been given with some force, and the unfortunate cat was killed. Perhaps Mrs. Russell erred too far in an attempt to save her animal, but that does not bring her within the meaning of the code. The charge is dismissed."

Ask the One Who Burns It.

We can make prompt delivery of Nanose Wellington coat if you order now. Later may be another story.

CHINESE PUPILS RETURN TO CLASSES

What was regarded by School Trustees as the beginning of the end of the Chinese pupils' strike occurred to-day when a number of striking Chinese pupils started work in the separate classes prepared for them. Some Chinese applied for admission to the white schools, but, except in a few cases where they held special permits, they were refused. The Trustees expected to-day that the pupils' strike would be over by the end of the week and that the separate school situation would have adjusted itself.

COAL MINE DEATHS TO BE INVESTIGATED

Sloan Orders Inquiry on Four Recent B.C. Accidents

There have been a number of fatal accidents in the coal mines of British Columbia within the last few weeks, caused by falls of rock or of rock, mostly at the working face, with four resulting in the loss of life, according to reports to the Department of Mines. One coal mine at Bonanza, another at Fernie, a third at Merritt and the last at Cassidy.

Hon. Wm. Sloan, Minister of Mines, who asserts that he has noted the recent increase of these fatalities with concern, is not satisfied.

Falls of rock and coal are a constant menace to the coal miner, he said in a statement issued to-day. "In recent years the majority of the fatal accidents in the coal mines of the Province have been caused by such causes. Undoubtedly many are unavoidable accidents, occurring after every known precaution has been taken, but again a proportion are preventable, more especially is this so in timbering regulations are complied with."

At present, Mr. Sloan pointed out, the demand for coal is urgent. The collieries are working at capacity. It is possible that, under these circumstances, chances are being taken that, under normal conditions, would be avoided. Holding this view, he says he is determined to obtain all possible information regarding the recent accidents mentioned, and has ordered George Wilkinson, former Chief Inspector of Mines, a special commission to make a thorough inquiry into each case. Mr. Wilkinson will undertake the work immediately and submit his report as soon as possible.

Mr. Sloan states that if there has been any looseness in the observance of the regulations under the Coal Mines Regulation Act, especially as applicable to the operating companies, he wants to know it. Similarly, if there is anything that can be done to improve further conditions as to safety at the working face, he wants to be so informed without delay.

POLITICAL BROADCASTINGS

Mayor Johnston, of New Westminster, and Reeve McLean, of Burnaby, both arrived at the Parliament Buildings to-day on public works business for their municipalities.

David Whiteside, M. P. for New Westminster, and Harry Stewart, City Engineer, accompanied Mayor Johnston. They took up with the Public Works Department and Premier Oliver proposals for the construction and maintenance of parts of Kingsway from 10th Avenue to 5th Avenue and from Fourth Street to Leopold Place, which are in the municipality, but which are used as part of the Pacific Highway.

It was explained that property is being let go for taxes because the assessments for main highways in front of it are so high that owners cannot afford to pay.

Reeve McLean is also taking up questions of assessment and taxation.

Private secretaries, stenographers, officials and ordinary civil servants at the Parliament Buildings are all getting an extra afternoon off this week, so they can go to the Exhibition at the Willows. The Buildings are not closing down for the week-end, but staffs in various offices arrange among themselves what afternoon each will take.

E. Embleton, police commissioner of Courtenay, and George Bigelow, secretary of the Farmers' Institute of the Comox District, both political leaders in their districts are in Victoria for the week-end, as the guests of the Rev. Thomas Menzies, M. P. for his home, 502 Monterey Avenue.

CIVILIANS URGED TO LEAVE CHANAK

Correspondent Says British Expected Turkish Bombardment

London, Sept. 20.—The British headquarters at Chanak have advised the Christian, Moslem and Jewish civilians to leave as the town may be shelled by the Turks, says a dispatch from the Dardanelles correspondent of The Times under yesterday's date.

Great Captures.

Paris, Sept. 20.—The Turks in their recent assault upon the Greeks captured 1,000 modern field guns and 5,000 machine guns, with enough ammunition for them for a two-year campaign, according to French official advices from Kemal headquarters received to-day.

PROSPECTORS GETTING GOLD

Queensland Dam, B.C., Sept. 20.—Many claims have been recorded within a radius of one mile from Queens Dam and gold is being recovered from all. Prospector who have spent the summer unsuccessfully prospecting the distant hills are rushing back here to get in on the series of new strikes which have been taken place within the last two weeks. The Cedar Creek channel has been traced for five miles.

ABSORBINE

which usually comes from strained or over-worked muscles, Absorbine, Jr. is highly recommended.

Briskly rubbed in at the sore spot, Absorbine, Jr. will take out the pain and stiffness quickly, and restore the muscles to their normal, healthy condition.

Absorbine, Jr. is clean and wholesome and leaves no oily residue.

CANADA'S VASTNESS AS BURNS VISITORS FROM WORLD COUNTRY

Staggered by Dominion and Hospitality of Its People, They Admit

Civic Luncheon Welcomes Parliamentarians and Montreal Business Men

British parliamentarians and members of the Montreal Board of Trade who are touring Canada were officially welcomed to Victoria to-day at a civic luncheon in the Empress Hotel to-day.

Frank wonderment and amazement at the beauty and resources of Canada was expressed by the visiting Britishers, while the Montreal speakers stressed the importance of unity among Canadians rather than a narrow sectionalism in the handling of Canadian problems.

"One look behind our tour was to overcome any danger there might be of sectionalism in Canada," said W. M. Birks, president of the Montreal Board of Trade. "Our impression is that Canada's problem is one."

"What I want to say to-day is, however, what we think of Sir Arthur Currie, whom Victoria has given to Canada and to McGill University," he recalled how directors of McGill University had found themselves in a quandary as to the appointment of a Principal for the University. He had been casually mentioned for the post and then British educationalists had enthusiastically endorsed the idea, because, they said, General Currie was one of the unique figures produced by the war.

"Sir Arthur was not in his position for three weeks before we knew he was the right man," Mr. Birks declared. "I think it is only right, here in his home town, to give this endorsement to this very remarkable man."

John W. Ross.

"No one can come to British Columbia without reference to the Hudson's Bay Company, for during its first 200 years its records were practically the history of Western Canada," said John W. Ross, Vice-President of the Montreal Board of Trade. "One recalls that in 1846 when the Oregon Treaty was signed and we lost Oregon the Government decided to open up Vancouver Island, which was handed over to the Hudson's Bay Company. You all know of the splendid work of Sir James Lugs, the chief factor here. It is Empire—strong sons of Britain go always thus in the expansion of the out into the world, assuming the power to legislate and govern, but finally hand authority over to popular institutions."

Mr. Ross said he had seen many goods in the East marked "Buy B. C. Goods." "Let us be broader than this," he urged. "Let us 'Buy Canadian Goods.'"

Mr. Ross said that the Montreal Board of Trade had always stood for the development of Canada and was a council chamber where merchants were able to discuss trade problems. "We have before us many national problems and the idea we have gained from this trip is the necessity of boards of trade of Canada getting together," he went on. "There is a need for a central place where we can get around a table and discuss our problems."

"There is a march of civilization that is bringing a large proportion of settlers to the West. All you have to do is to have a little patience and some day undoubtedly we will be the western centre of this Empire."

Col. Frank Hilder.

Thanking Victorians for the warmth of Victoria's welcome, Rt. Hon. Sir Edwin Andrew Cornwall introduced Colonel Frank Hilder, M. P. for the South East Division of Essex. "We have been called the wise men from the East," said Col. Hilder. "Well, we shall be much wiser when we get home." This journey has been quite beyond anything we dreamed was possible."

Colonel Hilder was unstinted in his praise of Canadian hospitality and of Canada itself. "We are asked what we think of Canada," he went on. "Canada is a great and wonderful country—a country which is a paradise for the kind of all kinds—a place which can absorb the surplus millions of the world. What do we think of Canadian men? I point only to the great universities, the great transportation companies, the great banking institutions here and say 'Canadians made Canada what it is.' But perhaps the greatest feature of this whole great country is its women—those silent partners in this vast enterprise—those women who are standing beside their men in the development of this country."

W. S. Royce, Labor member for Lincolnshire in the British House of Commons, dwelt upon the many unexpected sights which the visitors had seen since their arrival in Canada. He said that they had been fairly staggered by the warmth of their reception here.

J. W. Spencer, president of the Victoria Chamber of Commerce, presided at to-day's luncheon. "This is a time for co-operation in the Empire, and especially in the British Empire," said Mr. Spencer in introducing the speakers of the day. "The idea of developing trade within the Empire in preference to trade outside it is gaining great ground in the Old Land to-day. We need more co-operation in Canada in itself, and in this connection I cordially endorse the idea of a Dominion Board of Trade which would consider Canada's problems as a whole."

OBITUARY RECORD

A well-known figure in Esquimalt passed away yesterday in the person of Mrs. Mary Simpson, regularly known as "Mother Simpson," who died at her home at the Coach and Horses. She was sixty-two years of age and born in Friesheim, Scotland, and is survived by three sons, Hugh and Allan Simpson of Cobble Hill, Frank Simpson, and one daughter, Mrs. H. Stokes, and five grandchildren at home, and one sister in Scotland. The remains will repose at the Sands Funeral Chapel until

THE NEW FALL SUITS

OF pronounced interest to every woman is Mallek's special showing of new Fall Suits. It provides the season's best styles at exceptionally low prices. This is the heart of the Suit-season—the time of times to buy a new Suit, and these are essentially Suit days when a woman feels at her best if she is wearing a smart street mode, or a dressy Costume Tailleur that can be worn for almost any occasion. Every Suit is of the highest calibre, demonstrating master tailoring, designing and exceptional quality.

Dominion Royal Tube

—The New Red Super-Tube

The Dominion Rubber System has two sterling achievements to record for 1922—

First—maintaining and increasing where possible the high quality of Dominion Tires in the face of price reductions which make them materially below pre-war prices.

Second—the introduction of DOMINION ROYAL TUBES.

The DOMINION ROYAL TUBE is a heavy, well-built tube that means a perfectly balanced tire; and a tire, balanced right, means easier riding, less jar on the engine and more mileage from the tire.

It is not affected by road heat and internal friction; does not become hard and brittle with age; is easily repaired and spliced by a new method; will not check or crack in the folds; and is clean and pleasant to handle.

Whenever you buy a new tire, be sure to have it fitted with a DOMINION ROYAL TUBE. Experienced motorists have found out that it is economy to put a new tube in a new tire. Old tubes, having stretched under wear and service, may stretch the casings of a new tire and this might cause tire trouble.

Also—carry a spare tube as well as a spare tire. You will have fewer of both to buy if you make it a point to buy DOMINION TIRES and DOMINION ROYAL TUBES.

Sold by the leading tire dealers from coast to coast

WOMEN AND GIRLS HARVEST APPLES

Victorians Among Coast People Engaged in Okanagan Valley

(Times Correspondence)
Kelowna, Sept. 19.—Ever since the fruit districts of British Columbia first looked to the women and girls of the coast cities to save the crops, Victoria has recruited a large proportion of pickers.

"Most of my girls are from Victoria," said Mr. Marshall, of Kelowna, as a party of visitors called at the camp in his big orchard, where the apple crop is rapidly ripening. The season is now at its height, and every orchard has a capacity crop of women and girls at work. Khaki-clad—figures may be seen perched aloft in the leafy branches, or emptying the big bins of sacks suspended from the shoulders, which they have filled with fruit. Indian Summer has descended upon the Okanagan, and after a brief cloudy spell the days are warm and sunny once more, while cool night and bracing morning air provides an invigorating tonic for the coast city girls.

A Lovely Sight.

The Okanagan Valley is a lovely sight these golden autumn days, and the girls from the coast are thoroughly enjoying the change. High along the bench lands of the orchard district one looks down upon Okanagan Lake, winding like a silver ribbon for ninety miles between Penticton and Okanagan Landing. The passenger steamer Sicamous may be seen approaching Kelowna, or the freighter Okanagan may be at the wharf taking on her cargo of fruit and vegetables for re-shipment on the railway at the Landing or Penticton. The steel road of the Kettle Valley Railway comes provokingly near Kelowna, and can be seen running along the side of the hills high above the orchards, but so far the little valley town lacks railway transportation.

Prosperous Fruit Centre.

Kelowna lies on the lake shore about midway between Okanagan Landing and Penticton. A yellow sand beach and an Aquatic Club provide for the summer bathing and boating, while as one departs from the steamer a fine municipal park with luxuriant trees and shrubberies, lawns and beds of red geraniums remind one of England.

But this month the canneries and packing houses are the outstanding features of the Okanagan Valley fruit centre. They are working a ten-hour day to handle the fruit without waste. The waterfront presents a busy scene, where teams and motor trucks make a continuous procession from the orchards to the packing and shipping houses, or the canneries, where the droning of the machinery is heard day and night. At the ferry slips all is feverish activity as car after car loaded with fruit and vegetables is sent aboard for transport down the lake on the first lap of the journey to the coast, prairie or overseas.

Handle Great Quantity.

The shipping houses deserve great credit for their up-to-date equipment, installed to keep pace with the demands of the increasing volume of business being done in the valley.

The Kelowna Growers' Exchange, which acts as a selling agency and co-operative concern for a number of affiliated companies throughout the Okanagan, has a record of eighteen cars loaded in one day, and one more car loaded in the evening, a shipment in all of over 12,000 packed boxes. In September and October of last year the daily average pack of apples and pears was slightly over 4,000 packed boxes a day. This gives an idea of the amount of business being done in the fruit belt of British Columbia.

Grading

The grader represents the most up-to-date equipment of the modern cannery. On arrival from the orchards the fruit is taken in the boxes without any handling on an electric escalator and emptied on the platforms of the mechanical graders, which are rubber cushioned to protect the fruit from bruising. Sorters stand in front of revolving spirals, where each apple is turned over so that each specimen can be examined without handling. Culls are sorted out and the fruit is graded entirely by mechanical means, the culls and different grades being carried away on different belts to various points according to size and quality. Fifteen different grades may be obtained at the Kelowna Growers' Exchange plant. Each respective size drops into its proper bin for final packing. Every box is marked with size, variety and grade and sent to the storage room on a controlled belt designed to prevent breakages.

Co-operative Shipping.
The Kelowna Growers' Exchange seems to have thoroughly demonstrated the value of co-operative business of shipping fruit and vegetables, the company carries on a large trade in flour and feed. Supplies are sold to both shareholders and the public, the former receiving a proportionate rebate on the profits. The shareholders also have the advantage of a practical orchard supervisor. The company handles two makes of spraying machines and a tractor.

George A. Barratt, a veteran grower of the Okanagan, is president of the Kelowna Growers'. On the directorate are names also well-known at the coast. Vice-presidents E. M. Carruthers, C. H. Bond, Grote Stirling, J. H. Aberdeen and W. T. E. Price.

White help is always employed, and the company has a system of training boys and girls in the packing business in the belief that the fruit industry will weather difficulties and eventually be firmly established on a firm and profitable basis.

CHURCH FUNDS SHOW INCREASE

Toronto, Sept. 20.—It is officially stated by the treasurer of the Presbyterian Church in Canada, Rev. Dr. Robert Laird, that budget receipts to the end of August totalled \$314,732, which is an advance in receipts of \$10,000 as compared with the first eight months of the year 1921. It is also announced that church expenditures are substantially less this year than they were a year ago.

Officials of the church point, however, to the "shackles" represented by deficits in budget funds now amounting to \$244,325, mainly in connection with the great basic enterprises of the church, including home missions, \$125,000, and foreign missions, \$166,000. They draw attention to the ap-

TRAM WORKERS WAGES DISCUSSED

Men in Britain Object to Reduction Proposed

London, Sept. 20.—(Canadian Press Cable)—The municipal tramways' authorities demand for a reduction of 12 shillings in the weekly wage of their employees has been unanimously rejected by the special conference of the Transport Workers' Union in London, representing 65,000 men in all parts of the United Kingdom.

The conference adjourned yesterday to enable the representatives to meet the employers to-day.

The employers propose to make the first reduction of four shillings next Thursday.

NEW SOUTH WALES GROWS MORE WHEAT

London, Sept. 20 (Canadian Press Cable)—According to the estimates of the New South Wales Government, says a Reuters dispatch from Sydney, the area in that state under wheat cultivation amounts this year to 3,869,000 acres, representing an increase of 170,190 acres over last year.

CHILD LOST LIFE

Brookville, Ont., Sept. 20.—Eight-year-old Betty Reid, of Bedford Mills, was accidentally killed Sunday by a neighbor boy named Andrews, aged fifteen. The boy was shooting at a hawk.

SETTLEMENT PLAN

AIDED BY C.P.R.

Railway Co-operates with Canada Colonization Association

Saskatoon, Sept. 20.—The Canadian Pacific Railway will co-operate through its own colonization department and work in close harmony with the Western Canada Colonization Association, according to a statement made here by E. W. Beatty, president of the railway. He expressed his approval of the project as outlined by the association and stated that outside of a big governmental scheme paid for by taxpayers.

Corns Go

Just say Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plaster. The action is the same.

Pain Stops Instantly

ers, this, with the aid of other existing agencies, was the most feasible way of obtaining settlers and helping them to succeed.

LABOR FUSION

IN VANCOUVER

Effort to Form Organizations Into One Body

Vancouver, Sept. 20.—With a view to solidifying labor organizations in this city into one organization, a meeting of representatives of all labor bodies has been called for the first week in October.

Decision to hold such a meeting was made at last night's meeting of the local Trades and Labor Council, and the secretary was instructed to invite three delegates from each organization affiliated with the Council to attend the meeting.

Delegate Bartlett, who presented the motion, stated that the object was to unite the ranks of labor so as to have full support for matters which will be brought before the Provincial Legislature.

BUILDING COSTS REMAIN HIGH IN BRITAIN

London, Sept. 20.—(Canadian Press Cable)—The National Federation of Home Builders denies statements alleged to have been made by Government officials that the cost of building is now sixty to seventy per cent over the pre-war figures. The Federation claims that a builder can not build a house under 125 per cent over the 1914 figures and declares that the prospect of a further substantial reduction is remote.

THE CRISIS PASSED?

Although it may be too early to declare that Europe has escaped a new war the decision to call a Peace Conference of eight nations interested in a settlement removes a good deal of the dry powder that was getting dangerously near the fateful spark.

Mustapha Kemal Pasha's attitude towards Nationalist representation at the gathering in question will serve to indicate his immediate interpretation of his recent successes over the Greek armies. The decision of the Allied conference puts the issue squarely before him and he must either accept the invitation to assist in reaching a settlement or incur the effective hostility which Allied accord would then present.

It can be said again that the Nationalist leader does not seem to be the man to overrate the importance of his recent victories in the field. Nor is he fooled by the suggestion of help from Germany or Russia. He knows that one single move on Germany's part would be dealt with by France in a manner that requires no explanation. Russia would assist if she could; but she failed to defeat Poland on her own borders and her lack of transportation facilities—not to mention the fact that the British fleet commands the Black Sea—prevents her from moving a large army into Asia Minor.

Whatever the next few days may have in store the main point about the decision to call a Peace Conference is the fact that it is a very difficult invitation to refuse. It suggests at least that commonsense is going to prevail. The narrow shave may be a blessing in disguise after all.

TOO SENSATIONAL

When the reading public is digesting the varied dispatches which continue to reach this country from what are described as influential quarters in Europe it would be wise to remember that the great news-gathering agencies are not given to sensationalism. Their machinery enables them to obtain news that is news when it is news. Subsidary agencies and free lance correspondents—except in the case of men of international repute in their profession—are nothing like so well equipped and in many cases their cables are individual interpretations of the day's events. Some of these effusions are honestly elaborated and explained with a wealth of interesting detail that does not detract from their accuracy. Others wander far afield and fact abdicates in favor of dangerous speculation. These points should be borne in mind by the reading public when it hears of mysterious alliances and suggestions of a German-Russian-Turkish plan to get even with the Allies. A grain of salt should assist the digestion of these and other similar yarns.

A CANADIAN EXHIBIT.

There is every reason why the Dominion of Canada should be substantially represented at the British Empire Exhibition that is to be held in London in two years' time. Through the various provincial agencies the people of the Motherland may glean a considerable amount of information about our resources, scientific accomplishments, social and business customs, and the like; but it is not to be supposed that the somewhat limited equipment at the disposal of the Agents-General is sufficient to relate the story of a country like Canada. An exhibition on such an ambitious scale as that proposed for 1924 would provide

an opportunity for the people of the Old World to see and understand the actual business of this country and her sister Dominions.

In proportion to the enterprise and initiative exemplified by a Canadian exhibit would this Dominion assuredly benefit by the introduction of new capital and the influx of new settlers. It goes without saying that there are thousands of people in Britain to this day who are apt to regard Canada as a place of snow and ice. Ordinary publicity, which enumerates its opportunities and promises a life of independence to all those who are prepared to expend the energy in its quest, is lost on much of a very useful element. Put the proofs of the assertion in front of them and their outlook undergoes an immediate change.

In other words a comprehensive exhibit, with an invitation to the commercial instinct invisibly written all over it, should interest the investor and loosen his purse strings. It would catch many of the rank and file who will readily substitute London and the Exhibition for the annual jaunt to the seaside. It should prove a good investment at a time when the movement of peoples should be at its height. Canada's goods must be in the world's window. The more there are the bigger the appeal.

WHAT THEY THINK OF HIM.

Two items in to-day's telegraphic dispatches are of passing interest in themselves and of rather more interest when taken and considered together.

One comes from Albany and records the fact that most of the candidates for delegate to the Democratic State convention who were pledged to vote for William Randolph Hearst for governor were defeated in yesterday's primary. Out of thirty-eight four were successful and in Albany County the Hearst delegates were defeated in the ratio of twenty to one.

The other is a cable from London which officially announces the fact that the British Chancellor of the Exchequer will lead the delegation to the United States in connection with the funding of the Anglo-American debt.

For years Hearst has always preached the doctrine of British duplicity and virtual dishonesty. The item from Albany gives a better idea of Hearst's influence among his own people than could be described in these columns. The other disposes of suspicions exclusively "enjoyed" by Hearst.

Hearst represents Hearst and his chain of anti-British newspapers—little else. He offends his own people by his poor Americanism. Sentiment in Albany represents the attitude of the country fairly well.

BACKING DOWN.

It seems to be difficult for the British Minister of Agriculture to make up his mind to the inevitable. He announced that he would speak against and vote against the removal of the embargo on Canadian cattle. He did both to the best of his ability. But the House of Commons is on record in favor of a different view to that held by this member of the Cabinet.

Although the Commons vote did not involve the Government the decision of the House obliged the Minister to do one of two things. He could have resigned from the Ministry in protest or back down as gracefully as possible. He has apparently done the latter. In a speech at Crowbridge yesterday he advised the agricultural community to accept the verdict of Parliament and press for such regulations as would safeguard both the health and purity of the blood of their livestock. At the same time he was careful to observe that such regulations as might be advocated should not be so stringent as to prevent trade.

The Minister knows full well that the health bogey has been laid to rest. The Finlay Commission gave Canadian stock a clean bill. Nor does he need to lay particular stress on sanitary regulations. Canadian stockmen want the British market. As long as the United States tariff operates against them on this side of the water they will be doubly careful to preserve the new outlet when that shall have been established.

NOTE AND COMMENT

Incidentally the British taxpayer will have heaved a sigh of relief at the news which heralded the calling of a Peace Conference to settle the Near East problem.

Will the statesmen of the eight nations be courageous enough to frame a pact that will cure "Balkanitis" for all time? Surely no better opportunity ever presented itself.

Quite a few crises have been settled by an interchange of views between British and French statesmen when they have conducted the negotiations themselves instead of leaving it to the newspapers—a practice that has become quite fashionable on both sides of the English Channel.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the notice. All communications must be the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely at the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

"PLUCKING THE GEESE"

To the Editor:—Apropos of our discussion of the question of the British Columbia Government as liquor-sealer, I will ask you to kindly reprint the following "Exeter Herald" presentation of the case a week or two ago in the columns of The Christian Guardian:

"The British Columbia Government is plucking geese, and as there are a lot of them, the said Government is very busy. It might be well to at once explain that this has reference to the sale of liquor, the power of which is being the geese. It is just a matter of opinion who are the greater fools—those who are plucking or those who are being plucked. The pluckers are laboring under the extraordinary delusion that they are making money, and the pluckees are obsessed with the idea of value received—plus personal liberty! Were it not for the tragic results of this foolery and backwoods legislation, it would be a splendid joke, but as our goals are filling, accidents increasing and the hangman buying rope, the thoughtful people of this Province are in no mood for treating the matter lightly."

It will probably serve no good purpose, Mr. Editor, to further reply to the standard joke, since you evidently cannot conceive of a Government in power giving up its office rather than undertake, even at the small price of majority, to do what they "know" cannot be justified on grounds either moral or economical. Nevertheless, I am optimistic enough to believe that that day will come—possibly very soon.

WM. ELLIOTT

Victoria, Sept. 19, 1922.

SINGLE TAX.

To the Editor:—I quite agree with Bishop MacDonald that God owns the planet we inhabit and on which we whirl through space with inconceivable velocity. He governs it by laws immutable and beneficent. Should any one of a number of His laws be suspended for a moment, man and beast alike would perish. He foresaw civilization—in truth He ordained it—and furnished man with the raw material and the brains to satisfy all his wants. The fuel and the minerals by which he was enabled to construct great engines and machinery of every description, the small wild cattle, sheep and other animals, which he could domesticate and improve in a wonderful manner for his own use and benefit. By judicious feeding, breeding and selection some breeds of cattle have doubled in size in a century, so with sheep and other animals. There has also been a doubling in the size of wheat and corn. During the last century there have been thousands of inventions and improvements for the increasing of wealth. And wealth has, as a matter of fact, been enormously increased—but the producers of wealth—the working man and farmer—get relatively no better returns for their exertions than they did when everything was produced by hand. The entire benefit in dollars and cents has been absorbed by the increase of ground-rent. The brains that have been competent to increase wealth have evidently proved incompetent in the matter of its fair and just distribution.

The Bishop's argument (if argument may be called) is that because God owns the land he also owns "the cattle on a thousand hills," and all things. The answer, of course, is that God produced the land, but man produced the wealth. And surely "the laborer is worthy of his hire," but so long as labor is fenced off from land, so long must the laborer beg a brother of the earth to give him leave to toil, and so long must he be content with slave wages, because his "lordly fellow-men" will be under no compulsion to give him more. "The earth hath been given to the children of men," not to "some" or "a few." Those who own the earth will soon own the wealth, too. The statisticians tell us that two per cent. of the people own sixty per cent. of the wealth, and sixty per cent. of the people own the other two per cent. stand up in.

The Bishop lives "in a world of stony realities" so do we all. He deprecates the "glowing pictures of what single tax would do if adopted." But I haven't noticed him speak glowingly about the life of the grand sixty per cent.

"So with God's own sanction, do they acquire private ownership of land down to this day." Will the Bishop kindly quote his authority for the above statement.

ALEXANDER HAMILTON.

Pender Island, B. C.

COMMITTED SUICIDE.

Montreal, Sept. 20.—Setting fire to her clothing, Mrs. G. Pfeuffer, 70, died Monday. A verdict of suicide during mental depression was returned.

ANGUS FUNERAL IN MONTREAL

Many Prominent Men Paid Last Tribute

Montreal, Sept. 20.—Men prominent in banking, railway, professional, legal and diplomatic life gathered from far and near to pay a last tribute to the late Richard B. Angus, whose funeral took place here yesterday afternoon. Major George Verner, representing the Governor-General, and Lieut.-Col. J. K. Keeler, representing the Lieutenant-Governor of Quebec, were among those present.

The residence at 240 Drummond Street was filled to overflowing when the funeral service was conducted by Rev. George Duncan, pastor of the Church of St. Andrew and St. Paul. Only a part of the ordinary office for the dead was read, and there was inserted a special prayer which constituted a high eulogy of the character and qualities of the deceased.

IMPRESSED WITH CANADA'S VAST POTENTIALITIES

(Continued from page 1.)

place in the large seaports of Victoria and Vancouver. We have seen the development in shipping from the small coasting trade to the leviathans which now ply the oceans of the world. The day has come when the ports with deep water accommodation and facilities for handling shipping of modern construction will take the lead in commerce. In this respect Victoria and Vancouver are particularly well blessed and with the wonderful resources of the western provinces of Canada it goes without saying that the Pacific Coast of Canada will go ahead in great strides," said Sir Edwin.

The fact that the Panama Canal had been constructed with full recognition of the development in large ship construction was pointed out. As the gateway to the East and with the added opportunities of trade through the Panama Canal, Victoria and Vancouver had a great opportunity for trade development, said Sir Edwin.

Opportunities.

With the great resources of the country, virtually unexplored, and which will be developed in time, there is a great opportunity here for the young men of the Old Country who are interested in their own welfare and that of the Empire.

Speaking of the mission of the British Parliamentarians, of whom there are about twelve accompanying the Montreal Board of Trade on its trans-Canada tour, Sir Edwin emphasized the importance of promoting better acquaintance between the leaders in all lines of endeavor and in all parts of the Empire.

The wonderful chain of hotels operated by the Canadian Pacific Railway Company across Canada was a valuable asset in developing about closer communion between these leaders, said Sir Edwin.

To illustrate the value of the institutions Sir Edwin pointed out that in the Vancouver Hotel he addressed a gathering of seven or eight hundred prominent business men in one auditorium of the hotel while Holman Gregory, K. C., M. P., for Derbyshire, addressed about four hundred ladies at the same time, the discourse relating to matters of inter-Empire importance.

"I was struck with the fact that this sort of thing is made possible by the C. P. R. organization," said Sir Edwin.

"I am here as a member of the Empire Parliamentary Association, the main object of which is to foster and encourage an interchange of visits and ideas between all the sister countries and Great Britain. "I am profoundly impressed with the importance of such visits between representative men, not only representative public men but leaders in all phases of life."

"It is only by personal association that anything will grow. It is necessary part of the development of the British Empire in which we take so much pride."

"The war brought our young men together but if other sections of the community do not follow that up and foster the mutual understanding we will be extremely negligent in our duty," said Sir Edwin.

The WEATHER

Daily Bulletin compiled by the Victoria Meteorological Department.

Victoria, Sept. 20.—5 a. m.—The barometer is low over Northern and Central B. C. and showers may become general. Fine, warm weather prevails in the prairies.

MUST ENLARGE EUROPEAN MARKETS

Quebec Minister Speaks of U. S. Tariff and Canadian Dairy Industry

Quebec, Sept. 20.—Canada, and especially the provinces of Ontario and Quebec, must find means of disposing of their dairy products in Great Britain and open new markets in France and Belgium to compensate for the increased duties imposed by the Fordney-McCumber tariff bill, says Hon. J. E. Caron, Minister of Agriculture of Quebec.

The increased duties on wheat do not affect Quebec, but dairy products probably will suffer, he said. Annual exports of 17,000,000 pounds of cheese would stop, he declared.

MASONIC HONOR FOR MR. HARDING

Cleveland, Ohio, Sept. 20.—An extraordinary convocation of the Supreme Council of the Thirty-Third Degree of the Northern Masonic Jurisdiction, United States of America, Ancient and Accepted Scottish Rite, will be held in Cleveland one day this year for the "specific purpose of investing President Harding with the Thirty-Third and highest degree of Masonry." It was decided to-day at the session of the Supreme Council.

The motion was made by Thomas R. Marshall, former Vice-President.

KILLED HIMSELF

H.G. WELLS' FAMOUS OUTLINE OF HISTORY

The Romance of Mother Earth

TO-DAY'S INSTALMENT—9

The First Land Animals

We know that for hundreds of thousands of years the wetness and warmth, the shallow lagoon conditions that made possible the vast accumulations of vegetable matter, which, compressed and mummified, are now coal, prevailed over most of the world. There were some cold intervals, it is true; but they did not last long enough to destroy the growths. Then that long age of luxuriant low-grade vegetation drew to its end, and for a time life on the earth seems to have undergone a period of world-wide bleakness.

We cannot discuss fully here the changes that have gone on and are going on in the climate of the earth. A great variety of causes, astronomical movements, changes in the sun and changes upon and within the earth, combine to produce a ceaseless fluctuation of the conditions under which life exists. As these conditions change, life, too, must change or perish.

When the story resumes again after this arrest at the end of the paleozoic period we find life entering upon a fresh phase of richness and expansion. Vegetation has made great advances in the art of living out of water.

BEFORE GRASS OR FLOWERS

While the paleozoic plants of the coal measures probably grew with roots, the mesozoic flora from its very outset included palm-like cycads and low-grown conifers that

were distinctly land plants growing on soil above the water level.

The lower levels of the mesozoic land were no doubt covered by great fern brakes and shrubby bushes and a kind of jungle growth of trees. But there existed as yet no grass, no small flowering plants, no turf nor greenward. Probably the mesozoic was not in age of very brightly colored vegetation. It must have had a flora green in the wet season and brown and purple in the dry. There were no gay flowers, no bright Autumn tints before the fall of the leaf, because there was as yet no fall of the leaf. And beyond the lower level the world was still barren, still unclothed, still exposed without any mitigation to the wear and tear of the wind and rain.

When one speaks of conifers in the mesozoic the reader must not think of the pines and firs that clothe the high mountain slopes of our time. He must think of low-growing evergreens. The mountains were still as bare and lifeless as ever. The only color effects among the mountains were the color effects of naked rock, such colors as make the landscape of Colorado so marvelous to-day.

Amid this spreading vegetation of the lower plains the reptiles were increasing mightily in multitude and variety. They were now in many cases absolutely land animals.

There are numerous anatomical points of distinction between a reptile and an amphibian; they held good between such reptiles and amphibians as prevailed in the carboniferous time of the upper paleozoic; but the fundamental difference between reptiles and amphibians which matters in this history is that the amphibian must go back to the water to lay its eggs, and that in the early stages of its life it must live in and under water.

A MOMENTOUS CHANGE IN THE EGG

The reptile, on the other hand has cut out all the tadpole stages from its life cycle, or, to be more exact, its tadpole stages are got through before the young leave the egg case. The reptile has come out of the water altogether. Some had gone back to it again, just as the hippopotamus and the other among mammals have gone back, but that is a further extension of the story

to which we cannot give much attention in this "Outline."

In the paleozoic period, as we have said, life had not spread beyond the swampy river valleys and the borders of sea lagoons and the like; but in the mesozoic, life was growing ever more accustomed to the thinner medium of the air, was sweeping boldly up over the plains and toward the hillsides. It is well for the student of human history and the human future to note that—If a disembodied intelligence with no knowledge of the future had come to earth and studied life during the early paleozoic age he might very reasonably have concluded that life was absolutely confined to the water, and that it could never spread over the land. It found a way. In the later paleozoic period that vastness might have been equally sure that life could not go beyond the edge of a swamp.

The mesozoic period would still have found him settling bounds to life far more limited than the bounds that are set to-day. And so to-day, though we mark how life and man are still limited to five miles of air and a depth of perhaps a mile or so of sea, we must not conclude from that present limitation that life, through man, may not presently spread out and up and down to a range of living as yet inconceivable.

To-morrow: "In the Days of the Dinosaur."

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and back. Often I was not able to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and I have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. Phil. Maser, 801 Winslow St., St. Paul, Minn.

Just another case where a woman found relief by taking Lydia E. Pinkham's Vegetable Compound. Many times these tired, worn-out feelings and pains about the body are from troubles many women have. The Vegetable Compound is especially adapted for just this condition. The good results are noted by the disagreeable symptoms passing away—one after another.

Lydia E. Pinkham's Vegetable Compound is a Woman's Medicine for Women's Ailments. Always get it.

SAY CANADIANS SHOULD GET JOBS

Native Sons of Canada, from their branches here, Vancouver and other parts of the Province, to-day made formal complaint that too many appointments under the Government are going to persons just come in from other parts of the British Empire instead of to Canadians.

Officers of the organization have asked for a personal interview with Premier Oliver on the Canadian issue.

Mr. Homebody—"Did you hear about it? A footpad stopped my wife last night and beat her up badly. And all he got for it was \$2."

Mr. Peewee—"Can you give me his address? I might do some business with him."

WOMEN SHOW SPLENDID ARRAY OF NEEDLEWORK

Decorative and Useful Creations Fill Women's Building at Fair

Joyous over the success (this year attending their efforts, ladies in charge of the general arrangements at the Women's Building at the Exhibition are being warmly congratulated by all who visit the Fair, the striking increase in the number and quality of the entries being one of the points which immediately comes home to those unfamiliar with the tremendous amount of preparatory work carried out throughout the whole of the year, which has intervened.

It is a common complaint among competitors that the displaying of their contributions of needlecraft are not as well shown up as last year, but this is entirely due to the vastly greater number of items shown, the hitherto ample Women's Building being so congested as to justify demands by the ladies for larger provision for their next year.

The scope of the handicrafts shown is incredible to one who has not kept in touch with needlecraft in all its ramifications, and some of the specimens on view would merit high awards in any company.

Taking as an instance the plebian rag rug, there are at the Willows this year examples of this art which for colorings and design are worthy of inclusion in the finest of homes, creations which suggest in no manner to a casual inspection the humble source of the materials used.

In contrast there are silken garments of crocheted and knitted art which arouse envy and emulation in the hearts of the most charitable souls, while lovely embroidered and art cushion work also abounds.

It is an open fact that many of the items have been made by the efforts of labor of love, extending over the whole of the past year, in order to make good on promises to contribute something out of the ordinary, made at the time of last year's Fair in the heat of an enthusiasm to add, and which was actually kept at the working point by the carefully meted encouragement of the persistent ladies of the committee.

The prize winners in the Women's Building are as follows:

PROFESSIONAL.
Best collection fancy work, one person's work, collection to consist of not less than ten different articles—1, Miss Stella Judson; 2, Miss Muriel E. Hughes.

AMATEURS ONLY.
Best collection fancy embroidery work, one person's work, collection to consist of not less than ten different articles—1, Miss Stella Judson; 2, Miss Muriel E. Hughes.

Best collection fancy embroidery work, one person's work, collection to consist of not less than ten different articles—1, Miss Stella Judson; 2, Miss Muriel E. Hughes.

Best collection knitted work, one person's work, collection to consist of not less than ten different articles—1, Miss Stella Judson; 2, Miss Muriel E. Hughes.

Embroidery on linen, special prize donated by Irish Linen Store—1, Miss Muriel E. Hughes; 2, Miss M. Walter.

Embroidered nightdress—1, Miss E. Frank; 2, Miss M. Irene Craig.

Embroidered pair pillow slips—1, Miss Elliott; 2, Miss E. Frank.

Embroidered tea cloth—1, Mrs. R. Wallace Whidden; 2, Mrs. J. E. Hunter.

Embroidered corset cover—1, Miss E. Frank; 2, Miss E. H. Smyth.

Embroidered linen towel—1, Miss Mabel Scaplen; 2, Mrs. Fred W. Grant.

Embroidered sofa pillow—1, Miss Elliott; 2, Mrs. A. D. Currie.

Embroidered bedspread, special prize donated by D. Spencer, Ltd.—1, Mrs. Lawrence Woodur; 2, Mrs. T. Huzzey.

Embroidered child's dress, hand made—1, Miss Elliott; 2, Mrs. F. G. Dewar.

Embroidered baby's layette, six articles—1, Mrs. Geo. Watson; 2, Mrs. A. D. Currie.

Silk embroidery—1, Miss Elliott; 2, Miss Mabel Scaplen.

Hand made lace, Battenberg—1, Miss Elliott; 2, Mrs. A. D. Currie.

Hand made lace, point—1, Miss Elliott; 2, Mrs. A. D. Currie.

Hand made lace, Honiton—2, Miss Elliott.

Hand made lace, filet—1, Miss Elliott; 2, Mrs. Stanley Robson.

Hand made lace, Irish crochet—1, Mrs. Murielhead; 2, Mrs. J. H. Staveley.

Crocheted lace in lengths, not less than one yard—1, Miss L. M. Sylvester; 2, Mrs. L. M. de Bald.

Knitted lace, in lengths, not less than one yard—1, Mrs. L. M. de Bald; 2, Miss Elliott.

Nightdress, crocheted yoke—1, Miss E. Frank; 2, Miss L. M. Sylvester.

Corset cover, crocheted yoke—1, Miss E. Frank; 2, Mrs. R. W. McIntyre.

Tea cloth, crocheted lace, special prize donated by Gordon Prysdale, Ltd.—1, Mrs. R. W. McIntyre; 2, Miss E. Frank.

Crochet, best collection useful articles—1, Miss S. Craig; 2, Mrs. A. Irving.

Drawn work—1, Miss Elliott; 2, Mrs. A. Delahay.

Handkerchief, hemstitched—1, Miss M. Walton; 2, Miss E. Frank.

Tatting—1, Miss Elliott; 2, Mrs. S. V. Bowers.

Netting—1, Miss Elliott; 2, Mrs. J. T. Higgins.

Sofa pillow, hand painted—2, A. Delahay.

Sofa pillow, any kind—1, Mrs. Monty Gosnell; 2, Mrs. J. E. Hunter.

Applique work (unbleached cotton)—2, Miss Elliott.

Woolen flowers, one bunch—1, Miss Olive Staveley; 2, Mrs. A. E. Humphries.

Organdie flowers, one bunch—1, Mrs. Birch; 2, Mrs. S. W. Raven.

Silk flowers, one bunch—1, Mrs. Birch; 2, Miss M. Doyle.

Shaded silk work—1, Miss Elliott; 2, Mrs. Carroll.

Head work, collection, to consist of not less than three pieces—1, Mrs. M. Burn; 2, J. D. Bell.

Head work, specimen—1, J. D. Bell; 2, Mrs. M. Ogilvie.

Buffa work, collection, not less than three pieces—1, Mrs. S. L. Saunders; 2, Miss E. G. Matthews.

Buffa work, specimen—1, Miss E. G. Matthews; 2, Miss Dorothy Matthews.

Lady's knitted woolen Jersey, special prize donated by the Hudson

Announcing Special Values

in Silk Petticoats—\$5.95

There is no question as to the wearing of petticoats again. The longer skirts have made this imperative.

At the special price quoted one may select from such colors as black, navy, grey, taupe and others. These are of good quality Habutai silk or crepe de chine.

Featuring Gossard Front Lacing

Corsets—\$3.50 to \$6.50 a Pair

A Gossard Corset suitable for the average or stout figure with medium bust, the skirt is medium length at the front, slopes to a long line and graduates to medium length at the back where it terminates in a two-inch section of elastic; has two sets of garters. This model is priced at \$3.50, \$3.75 and \$4.50.

A Lightly Boned Corset, specially designed for the slight figure; has elastic top, long skirt and six garters—\$5.25.

A Firm Coutil Corset designed for the average to stout figure. The medium top has ample fullness; is made with a long flat front and five hooks and eyes. The long skirt is heavily boned, has three-inch elastic section at the back and three sets of garters—\$6.50.

Bay Co.—1, Miss M. Irene Craig; 2, Mrs. J. E. Hunter.
Lacy's crocheted silk sweater—2, Miss M. Peckin.
Lacy's crocheted woolen hat—1, Mrs. Blair Reid; 2, Mrs. A. C. Innes.
Baby's jacket, crocheted—1, Miss Stella Judson; 2, Mrs. W. E. Sadler.
Baby's jacket, knitted—1, Mrs. E. Payne; 2, Jessie Leask.
Crocheted woolen slippers—2, Mrs. J. T. Higgins.
Knitted woolen slippers—1, Miss

passengers, prominent among whom were Mrs. J. L. and Mrs. J. H. Hunt, Dr. H. M. Walker and Miss J. Plutwood Heath, Victoria, B.C.; Mrs. J. C. McKee, Vancouver, B.C.; E. Hardy, Nelson, B.C.; Mrs. C. M. Morrison, Vancouver; Mrs. J. H. Hepburn, Winnipeg; Mrs. J. M. Brown, Miss M. Nicoll and Miss Mary Nicoll, of Winnipeg; Mr. and Mrs. J. G. O'Brien, of Montreal; Archie Ogilvie, Ottawa; Mrs. Little, New York; Mr. Alex. Mackenzie, Detroit; Rev. H. C. G. Smith, St. Catharines; Mr. Clifford Deavy and Miss J. Hamilton, Ottawa; Mr. and Mrs. G. Salter and Mr. and Mrs. A. G. Hall, St. John's, Nfld.; Mr. and Mrs. Prince Rupert Saturday, arrived yesterday. She will be tied to the present, the reason for having been closed.

The first units of the Luckenbach to use Pier 1, recently leased to the Luckenbach Steamship Co., the first of the Lucky Luckenbachs, the East Coast and the Chesapeake. William Campton, chief ports, both due here Sept. 23.

Captain I. P. Holst, formerly master of the Scandinavian trader, the "Scandinavian," who has been in passenger traffic many years, the company, is here on his first trip to the Pacific Coast of the

M. Kilvington, Vancouver; Miss J. Sherritt, Peterboro; Mrs. Mary McDonald, Edinburgh; Miss Mary A. E. MacEwan, Seattle; Miss E. Sutherland, Mr. and Master E. Gillespie, Glasgow; Mr. and Mrs. D. McLeellan, Mr. Thos. Danks, and Mr. and Mrs. Smith, of Toronto; Mr. and Mrs. A. Johnson, and Miss E. MacBeath, Hamilton; Miss Jane McColl, Oshawa, and Mrs. E. Stewart, Toronto.

Among the Montserratians leaving for the ship were Mr. and Mrs. J. O. Reid, long and as large as a man's thigh.

The snake aroused a cow dog on board and the barking of the latter awakened the skipper, who saw the snake strike upward the companion way into the cabin.

Capt. Ward took to the table and four shots from his revolver ended the earthly career of the reptile.

Ship Has "Eyes"

Interesting relics of Oriental superstition, the "eyes" of the Amoy

TENTATIVE PROPOSALS FOR RATE CONFERENCE

Failure of Last to Be

The well-known commander, Capt. John Hall, is in command of the Corsican, and it was reported by Capt. Hall that Capt. Hall was awarded the gold cross in April, 1914, for being the first to bring a ship into the port after the outbreak of the war.

Capt. Hall is one of the King Albert's crew, and was in command of the gold cross in May, 1914. Capt. Hall went to sea at the age of sixteen as apprentice to the Sarnian, a sailing ship, and served the whole of his time prior to obtaining his certificate in sailing vessels.

In 1903 he became third officer of the Manitoban and, after working up to first officer on various other ships, was given his first command in the Sarnian. He was subsequently in command of the Hibernian, Humidian, Granpian, Buenos Ayres and the Orcades.

When he was in command of the Corsican, he drew much comment. Every native ship has its "eyes" painted, in this case, on the counter, by which the eyes and some coins are placed in a socket behind each, the action of the eyes being said to avert tragedy at night and guide the ship on sea career.

The Amoy, built by Capt. Ward with Chinese labor, as outlined in these columns yesterday, will be expected to arrive on this coast for some time. Capt. Ward will settle here, though at which point he is not yet determined.

Those who will attend the conference from San Francisco are Stubbs, Java-Pacific Line, Mann, Pacific Mail Steamship Company, Fred Barry, of Struth Barry; George E. Chapin, Toyen Kisen Kaisha; W. M. Brown, of the United States Shipping Board; and E. J. Watts, secretary of Francisco bureau of the Western conference.

It is expected that the steamer Mr. The Shipping Board to the

Tunisian, Grampian, Petiorian and the Scandinavian, carrying troops in places as far removed as the Persian Gulf, Dardanelles, Mudros, Gallipoli and Archangel, finally to the coast between London and Antwerp carrying Belgian refugees back to their stricken country. It was for services rendered to the refugees during this pe-

Province, according to J. M. Cameron, General Superintendent of the Alberta Division of the Canadian Pacific, who returned to the city on Tuesday from a visit as far east as Swift Current, coming back by the

CLEARED FOR VANCOUVER

Docking here at 3.30 o'clock this morning and depositing a cargo of lumber at the Sidney Roofing Company, the E. D. Kingsley cleared again this morning for Vancouver. The cargo will take on cargo. She had altogether with her this morning sixty-eight tons of asphalt and general cargo and left for Vancouver at 9 o'clock.

MARY HAS REST.

The Princess Mary was laid off today and will be out of the service for two weeks. She will go in for her usual overhaul.

JAP LINER EXPECTED.

The Haguro, Maru, inbound for Vancouver, is expected to make William Head during the night and will pass up without calling here.

way of Dunmore and Lethbridge. "The weather is just what we need for threshing," remarked the general superintendent, "and is now in full swing again."

He remarked that the yield in the Cardston district was expected to be heavier still but threshing had not commenced there as yet.

It is not only the yield that is so good, but the quality is amongst the best ever produced in Alberta, states George Hill, Dominion Government grain inspector here.

Out of 24 cars of wheat inspected on Tuesday morning no less than 14 of them graded No. 1 hard, while the remainder were No. 1 Northern.

One of the most satisfactory features in connection with this year's high grade is that this wheat is not from any particular district but from points very far apart, which tends to show that the quality of the average crop this year will be of very high grade.

Admiral Steamer Makes Seattle With Majority of Cargo Unspoiled

Seattle, Sept. 20.—With all her passengers abroad and most of her freight unloaded, the steamship Queen, which came from Seattle, left for Rupert Saturday, arrived here yesterday. She will be tied up for the present, the season to Alaska having about closed.

The first unit of the Luckenbach fleet to use Pier 1, recently leased by the Luckenbach Steamship Company, will be the Harry Luckenbach from the East Coast and the William J. Campbell from the Gulf ports, both due here September 29.

Captain I. P. Holst, formerly commandant of the Scandinavian-American trans-Atlantic liner Helsing Oslø, now passenger traffic manager for the company, is here on his first visit to the Pacific Coast of the United States.

TENTATIVE PROPOSAL FOR RATE CONFERENCE

**merged in Future Gathering
to End Rate War**

San Francisco, Sept. 20.—After several weeks of negotiations between steamship companies of San Francisco engaged in the Orient trade and those of Peking, the British Columbia, a conference has been called for September 26 in Portland, at which time it is expected definite steps will be taken toward settling the rate war in the Pacific.

Those who will attend the conference from San Francisco are A. Stubbs, Java-Pacific Line; Daulton

Mann, Pacific Mail Steamship Company; Fred Barry, of Struthers Barry; George E. Chapin, of the Toyen Kisen Kaisha; W. M. Minor, of the United States Shipping Board; and E. J. Watts, secretary of the San Francisco bureau of the West-Southern conference.

The Alaska Steamship Board to the Alaska Steamship Company for a price said to have been \$75,000, having been made official, the vessel sailed to-day for Seattle, its new home port.

Shipboard Watchers.

As a precaution against any possibility of running foul of the Miller Harris narcotic law, the Toyo Kisen Kaisha has installed three Japanese searchers aboard their vessels with instructions to make careful search for illegitimate drugs.

The TIMES

NEWS of SPORT

Meshner Is Head Of New Soccer Board

Football Season Will Not Open On Saturday Owing to Failure of Board to Find Quorum Last Night; Meeting Will Be Held Immediately and Entries Called For; Expect to Get Season Underway One Week From Saturday

There will be no football in Victoria this Saturday. Despite the fact that the soccer fans had been led to believe that the game would get underway this week-end, they must hang on to their patience for another week at any rate.

The Victoria and District Football Association did not achieve as much as it had expected at its meeting last night and as a result the opening of the season has been given another setback.

The association elected the board which is to govern football in Victoria at its meeting last night, but owing to the fact that there was not a quorum of the new board present it was impossible to proceed with the great amount of business that awaited transaction.

Five Members On Board

Jim Mesher, president of the V. D. F. A., was elected president of the board and Billie Cull is to be secretary. The other members of the board will be Archie Baker, Jack Sullivan and Alex Peden. The board will get together within a few nights and issue a formal call for entries for all leagues.

The Victoria and District Football Association made two calls for entries for the different divisions of the football making it necessary for all entries to be in by last night. A large number of entries were turned in last night, but owing to the fact that it was impossible to locate the secretary to-day nothing is known as to what clubs want to get into the various divisions. However, if there are any other clubs that wish to get into the competition they will be given a chance as the new board will issue a further call for entries.

Look After Everything

The new board will conduct all football in Victoria. There will be no more need of weekly meetings of the association and the heated discussions between the various delegates will be memories of the past. On the actions of this board hinges the success of football in Victoria.

The board hopes to get the game underway by Saturday, September 30. If the association had not decided to appoint a board the game might have started this week or had the board been able to meet last night it would still have been possible, but the fans are all hoping that the inconveniences experienced through the delay in opening the season will be more than counteracted by the splendid manner in which the board will put through the schedules and attending to the many details connected with the season's operations.

COLWOOD LADIES TO PLAY FOR CAPTAIN'S PRIZE BEFORE OCT. 31

Following is the draw for the ladies' handicap competition for the captain's prize to be competed for by the ladies of the Colwood Golf and Country Club: Mrs. Horsey, Mrs. Pocock, Miss Richards, Miss Hardie and Mrs. Richards have byes; Mrs. Hodges plays Mrs. Crowe, Miss Noonan plays Mrs. Brencley, Mrs. Campbell plays Mrs. Rihet, Miss Schwengers plays Mrs. Edwards, Mrs. Morryson plays Miss Hurley, Miss Matson plays Miss Gray; Mrs. Hart, Mrs. Willis, Miss Mara, Miss Burt-Smith and Mrs. Abell have byes.

Play in this competition will start immediately, and all matches must be finished by October 31.

TWO TENNIS BILLS PLANNING TO INVADE EUROPE IN 1924

Philadelphia, Pa., Sept. 20.—William T. Tilden II, national tennis champion, and Wm. M. Johnston, San Francisco, runner-up in this year's national singles championship, plan to invade Europe in 1924, according to the champion.

"Unless something arises I have not foreseen I do not expect to go abroad next summer," said Tilden to-day. "But I do expect to go in '24 and I think Johnston will go with me."

Tilden said if the trip is made they would play in singles and pair up in doubles.

The Cook-I noticed there were five jars of preserves gone from the pantry to-day.

"Five-year-old—Yes, Mary; I think you had better put up some more, especially the strawberries."

AMERICAN GOLF PRO STANDING BY TO GO TO FIGHT THE TURKS

Pittsburgh, Pa., Sept. 20.—The situation created by the advance of the Turks towards the neutral zone of the Dardanelles was reflected in sport circles to-day when it became known that Chandler Roush, professional golfer of the Oakmont Country Club and a veteran of the Canadian army, had been notified to hold himself in readiness for foreign service.

He received a telegram from the Canadian War Department advising him to be ready to join his regiment on short notice.

INTER-LEAGUE SERIES.

Chicago, Sept. 20.—The inter-league series between St. Paul, pennant winners of the American Association, and Baltimore, winners of the International League flag, will begin in Baltimore October 4. President Hickey, of the American Association, announced to-day.

The schedule for the league will be drawn up at the regular weekly meeting of the Victoria Rugby Union to be held next Tuesday afternoon. At yesterday's meeting the entries for the senior league were received and other matters discussed. It was one of the best meetings held by the union for a long time and augurs well for the success of the season.

Old Boys Drop Out
The Old Boys decided to cast in

Three Senior Rugby Clubs Will Play Here This Season

Three clubs will operate in the Senior Rugby League this year. The J.B.A.A. last year's champions, the Wanderers, runners-up, and the V.I.A.A. will enter for the league cup.

This will provide one senior rugby fixture every Saturday afternoon, while the team holding the bye will make the trip to Victoria to meet the up-landers.

The schedule for the league will be drawn up at the regular weekly meeting of the Victoria Rugby Union to be held next Tuesday afternoon. At yesterday's meeting the entries for the senior league were received and other matters discussed. It was one of the best meetings held by the union for a long time and augurs well for the success of the season.

NEW PRAIRIE PRO HOCKEY LEAGUE IS TO BE PUT OVER

Moose Jaw, Sept. 20.—Formation of a new professional hockey league, embracing Winnipeg, Brandon, Regina and Moose Jaw, was predicted here to-day by Harry Mead, president of the Moose Jaw Stadium Company.

Assurances have been received from all four cities that they are prepared to place teams in the new organization, but if one should fail, Winnipeg is prepared to support two teams, according to Mr. Mead.

Mr. Patrick left for the West this morning and Mr. Richardson leaves to-morrow evening.

Lester After Boucher.
Mr. Patrick offered a contract yesterday to Frank Boucher, who is the property of the Coast League, and is also said to have been in touch with several other local men not on the reserve list of the Ottawas.

Mr. Patrick left for the West this morning and Mr. Richardson leaves to-morrow evening.

Beavers Lose First.

Sacramento, Cal., Sept. 20.—Sacramento got the breaks yesterday and won the opening game of the five to four series between the Beavers and the Tigers.

The much prized cadet rifle shooting trophy, the King George challenge cup, will be offered for competition by any government-owned or inspected rifle range in Canada, the department of militia announced to-day.

This trophy was originally presented by His Majesty in 1912 for competition by teams of imperial cadets attending the Canadian national exhibition, Toronto, but in order to encourage cadets from all parts of Canada, the exhibition board has decided to place the trophy in the larger field.

Entries must be made to the officer commanding the military district in which the cadet detachment has its headquarters and for this year may be received until October 25.

NEW YORK YACHT WINS.

New York, Sept. 20.—W. L. Inslee's Taurus, of the Bayview Yacht Club, defeating the Star Yacht, held by the Western Long Island Sound Race fleet, was victorious by a decisive margin yesterday in the second race of the national championship series, sailed in Long Island Sound.

Taurus, which won the first race Monday, has a total of 12 points and to retain possession of the championship trophy needs only to finish better than last to-morrow in the third and final race. Sixty yachts are competing in the series.

THE OLD, OLD STORY

If ever you happen to feel seedy when playing golf or any other game against an opponent with experience, do not mention the fact. You may be misunderstood.

A journalist went on to the golf course the other day to play an exhibition. On his way to the first tee he sneezed, and remarked:

"I'm suffering from a touch of hay fever."

The ex-champion smiled sarcastically.

"I have been playing golf now for twenty-five years," he remarked, "and never yet have I played against a man who was feeling well!"

KAMM INSURED BY SOX FOR BIG SUM

Chicago Will Carry \$125,000 Insurance on Their Prize Third-sacker

Chicago, Sept. 20.—A baseball player's life was insured for \$125,000 when a policy was taken out to-day by the Chicago White Sox, insuring the club against the death of Willie Kamm, the sensational third baseman of the San Francisco club of the Pacific Coast League, who recently was purchased by President Charles A. Comiskey.

This is the largest amount for which a baseball player ever has been insured, it was announced.

Kamm, who is only 22 years old, is said to be one of the greatest third basemen in the game to-day, and was purchased by the Chicago White Sox for \$100,000 cash and players valued at \$25,000.

St. Louis, Sept. 20.—Visions of the first baseball championship for St. Louis in thirty-four years were dimmed if not hopelessly lost as a result of the St. Louis Americans' defeat at the hands of Washington Senators while New York were beating Detroit, thus increasing the margin between the two teams to two and a half games.

Any hope St. Louis entertained was practically shattered when George Sisler, the star first baseman, was forced to stay out of the line-up again yesterday. His injured shoulder gave him further trouble and the physicians say that he must remain out of the game for the rest of the season.

Sisler, however, is raving to get into action and does not want to see his team nosed out of the pennant. Against advice he acted as pinch-hitter yesterday, replacing Vangilder in the ninth inning. He, however, struck out.

New York, Sept. 20.—The New York Yankees were a notch nearer their second consecutive American League championship to-day as a result of defeating the Detroit Tigers, 4 to 2, while the St. Louis Browns, again to the services of George Sisler, succumbed to Washington by the same score.

The Yankees can clinch the pennant by taking seven of their remaining nine games if St. Louis wins all eight of its contests, even if the Yankees are defeated by the Browns.

Babe Ruth's thirty-fourth home run, a double steal by Schang and Jones and extra base hits by Pipp and Meusel were scoring factors for the Yankees.

Williams Smacks Another.

Ken Williams, of the Browns, matched Ruth's homer with his thirty-ninth, putting him two ahead of Roger Hornsby, of the St. Louis Cardinals.

The New York Giants, holding the seemingly impossible lead of 2 to 1 and a half games, were ready to battle the second place Pittsburgh Pirates in the first of a three-game series to-day. The Pirates gained a half-game in the race by trimming Philadelphia 6 to 1, while the champions were idle. The Giants, to clinch their eighth National League title since 1890, need to win but seven of their thirteen games, even if the Pirates win all ten contests.

Recruits De Wail.

Two recruit pitchers, Metvier and Winn, pitched Cleveland to a double victory over the Boston Red Sox 7-4 and 3-2. Neither issued a base on ball.

Hornsby hit safely in his thirty-third straight game, while St. Louis beat the Boston Braves 8 to 4.

Exit the Pop Bottle.

Chicago, Sept. 20.—The pop bottle, as much a part of a ball game as hot dog and peanuts, is threatened with the result of the happening in the New York-St. Louis game last Saturday when Outfielder Witt of the Yanks was knocked unconscious by a pop bottle thrown by a disgruntled fan.

The revival of the bottle crusade in the New York-St. Louis game last Saturday when Outfielder Witt of the Yanks was knocked unconscious by a pop bottle thrown by a disgruntled fan.

Surprises were plentiful, among the outstanding ones being the defeat of the Boston Braves by the Cardinals, of Mississippi, and the downfall of Miss Joyce Hutton, semifinalist in the open championship, who was defeated by Miss Whiting, a club mate.

"BUY AT HOME," SAYS BIG DEMONSTRATION BY DOMINION

Taking an active part in the educational work of the Victoria Exhibition, the Livestock Branch of the Dominion Department of Agriculture occupied the entire south wing of the Main Building with an illuminated summary of facts as to the necessity of local support for Canadian made textiles.

The graphic display points out that in 1921 Canada imported no less than \$47,000,000 worth of wools and cloths, the seventeen million yards of fabric brought in being sufficient to have kept ten thousand workers steadily employed throughout the year.

Practical Patriotism.

The demonstration is particularly directed to the urban visitor, pointing out that a greater discrimination in favor of the domestic product would increase the home market for wool, induce the farmers to strengthen this branch of their business and by ultimately making Canada independent of outside sources save to Canada the money sent abroad and cause a drop in the cost of meat and clothing.

A Profitable Ledger.

Interesting data on bacon production, directed to the farmer and designed to raise the value of the pig crop as an exportable asset of Canada, takes a prominent share in the display, while the poultry enthusiasts gather in throngs around the demonstration of last year's work of white wyandotte hen, "Saanich Belle," in covering piles of grain into 367 eggs in one year, at the Sidney Experimental Farm, practically being on the job every day, save Sundays and public holidays.

GANS RECEIVES VERDICT.

New York, Sept. 20.—Joe Gans, received the judges' decision over Nate Siegel, New England welterweight, and middleweight champion, in a 12-round bout last night. The Brooklyn middleweight had the better of practically every round.

Jones grumbles at cold weather? "Yes." And he grumbles at hot weather? "Yes." What does he like? "He likes to grumble."

Browns Lose Hope Of Capturing Flag

Defeat at Hands of Washington Yesterday While Yankees Were Winning Puts St. Louis Two and Half Games In Rear; Browns Fans Disappointed Over Losing First Pennant in 34 Years; Sisler Out of Game Again; Williams Hit Thirty-Ninth Homer

St. Louis, Sept. 20.—Visions of the first baseball championship for St. Louis in thirty-four years were dimmed if not hopelessly lost as a result of the St. Louis Americans' defeat at the hands of Washington Senators while New York were beating Detroit, thus increasing the margin between the two teams to two and a half games.

Any hope St. Louis entertained was practically shattered when George Sisler, the star first baseman, was forced to stay out of the line-up again yesterday. His injured shoulder gave him further trouble and the physicians say that he must remain out of the game for the rest of the season.

GARDENERS' ENTRIES AT WILLOWS ARE OF HIGH GRADE

Quality Vegetables Entered in Great Array at Fair

Victoria Gardeners Win Honors From Saanich Experts

The gardening capabilities of Victoria district are well illustrated by the magnificent array of vegetables collected in the Main Building at the Exhibition this year, the individual entries being equal to anything ever entered previously.

With no district general produce exhibit to advertise Victoria and Saanich to the world, the task is taken up in a smaller way by the gardeners of the Victoria and District Gardeners' Association, who with priority over the adjacent Ward Two Saanich Society with an excellent though collection is limited to strictly garden produce.

The combined display of the friendly rivals gives an excellent idea of what can be done by householders in the vicinity, while the wide distribution of the prize awards for single entries show that gardening is a popular hobby throughout the district.

Prize winners in the garden produce classes are:

Class H—Garden Produce.
Special exhibit of gardening vegetables, open to any gardening association. Stage limit 10 in. x 12 in. 1. Victoria District Gardeners' Association; 2. Ward 2, Saanich Cottage Gardeners.

Best collection of vegetables to contain not more than 12 varieties and not less than five distinct kinds: 1. J. Nay-Smith; 2. Geo. T. Attwood; 3. Geo. Little.

Beans, kidney green, 12 pods—1. A. W. Green; 2. F. Crowe.

Beans, broad long pod, 12 pods—1. H. W. Gardener; 2. J. Nay-Smith.

Beans, scarlet runner, 12 pods—1. H. W. Gardener; 2. J. Nay-Smith.

Beets, 6 long—1. Oakland School; 2. G. Attwood.

Beets, turnip rooted or globe—1. G. F. Hawkins; 2. C. Stapleton

theatre

DOMINION

Among the prominent screen players who appear in "In the Name of the Law," now showing at the Dominion Theatre is the famous boy actor Ben Alexander. Ben leaped into fame a few years ago when he appeared in an important role in "Hearts of the World." His work in "In the Name of the Law" establishes the fact that Ben's great art is developing rapidly.

COLUMBIA

Insurance companies who have motion picture stars insured for large amounts, have appointed representatives whose business it is to watch these young men and women at work. If they persist in taking hazardous risks, their rate is raised. The man detailed to watch Owen Moore working in "Reported Missing" which is showing at the Columbia Theatre this week was forced to go to sea with the company and was placed in an embarrassing position when he wanted to raise Owen's rate after watching him do a hundred-foot dive from the masthead. There was no wireless equipment and the captain refused to turn back for the insurance shark. Before the two-

Capitol—"Borderland."

week trip was at an end the watcher had a nervous breakdown. He is recommending that Owen Moore's rate be the same as a machine gunner's in war time.

ROYAL VICTORIA

"Foolish Wives," the long-heralded photoplay seen last night at the Royal Victoria Theatre is the costliest film ever made. The Universal Film Manufacturing Company is said to have expended \$1,103,736 and some odd cents, in its making. Expensive sets and the salaries of thousands of "extra" actors did much to swell this total. The money was well spent, however, as the settings are faithful reproductions of the buildings at Monte Carlo and the extras create the true Riviera atmosphere.

CAPITOL

Right in the "bargain" class is "Borderland," Agnes Ayres' new Paramount picture, now showing at the Capitol Theatre. For this dramatic novelty has two separate plots, two complete sets of characters and the star interprets three different roles.

"Borderland" is a fanciful tale, different from the ordinary cinema entertainment, but it is particularly well worth seeing for this reason. Included in the cast are Milton Sills, Casson Ferguson, Bertram Grassby, Sylvia Ashton, Frankie Lee, Fred Huntley and Dale Fuller.

PLAYHOUSE SHOWS

HOME PRODUCT

Hincks's "Potted Opera" at
Yates Street Theatre
To-night

In these days it is heard on every hand, "patronize home industry," and right here in Victoria we have an institution second to none in the entertaining line and perhaps unique in the whole of Canada as far as the personnel of the company is concerned. Every show presented by the Playhouse Company is produced by a Victorian and acted by Victorians. The casts embrace the very best talent that can be secured and every one chosen is selected as being especially suited to the part they are to play. Show number four, which opens to-night, will more than likely establish a record for attendance. While the first part of the bill is short it includes a splendid concerted opening number followed by a new and specially arranged Russian dance by that popular and dainty artist, Miss Roberta Balcom, who is a pupil of Mlle. Barbara Fay. Then comes part two, which occupies more than two hours of the evening.

The Playhouse potted comic opera, "The Boy," one of the phenomenal hits of the London stage, is brimful of charming musical numbers and clean, snappy comedy. The leading parts are taken by favorite artists, including Miss Eva Hart, Mrs. Catherine McDonagh, Ben Hobday, and the ever popular comedian Ernie Patch, while less prominent but still important parts are taken by Ellen Allwood, Peggy Lewis, Reginald Hincks, Alex. McPhillips, Herbert Kent and Stewart Clark.

The show opens to-night and will continue throughout the week with a matinee on Saturday afternoon. Reserved seats are on sale now and there is a considerable advance booking already in.

ROBIN HOOD, HERE
MONDAY, CHARMING
MUSICAL OPERA

It is doubtful if any opera ever written can lay claim to the undying fame of "Robin Hood," which will be offered by the American Light Opera Co. at the Royal Victoria Theatre starting Monday, September 25. No other play or story has given the world more genuine pleasure than that of Robin Hood, and it delights modern audiences just as much as of old. Its musical gems are just as popular to-day as they were in the days of the opera's first production by the memorable Bostonians.

The American Light Opera Company's production of this opera is thoroughly adequate; an exceptionally large chorus, superb scenic and lighting effects and costumes that are complete to the most minute detail.

At the extremely popular prices asked Victoria music and amusement lovers are becoming convinced of the excellent amusement value the American Company is offering in the revival of the standard comic operas at the Royal Victoria Theatre.

VALENTINO, HERO IN

"BLOOD AND SAND"

QUICKLY WON FAME

Rodolph Valentino in "Blood and Sand," his first Paramount picture starring vehicle which will be the feature at the Dominion Theatre next week, portrays a Spanish "ace," a bull-fighter who has risen to the same popularity in his profession as that enjoyed by "Babe" Ruth, Eddie Rickens, Jimmie Murphy and Charles Faddock in theirs.

As Juan Gallardo, an idol of Spain, Mr. Valentino is called endearingly by the bull ring crowds "Espada," or "pade," that being the type of ace considered particularly lucky in Andalusia.

The development of Juan Gallardo from a ragged urchin to a favorite of this country and his lover for two women are the basis of an intensely interesting story written by Vicente Blasco Ibanez and adapted by June Mathis, who wrote the scenario for "The Four Horsemen of the Apocalypse."

"Blood and Sand" is a Fred Niblo production. Lila Lee and Nita Naldi have the leading feminine roles.

Relief Is Found

From Stomach Trouble

Tanlac

Hope for the millions of unfortunate men and women who are victims of stomach trouble is sounded by Richard Pasken, 655 Pender Street E., Vancouver, B.C. Mr. Pasken was a victim of stomach trouble in its worst form but was completely restored to health by taking Tanlac.

He says: "I had a bad form of stomach trouble and everything I ate disagreed with me. I lost weight and strength every day and had such attacks of smothering and fluttering of the heart I was told I had heart trouble. Tanlac completely knocked out my trouble."

Undigested food ferments in the stomach and soon the entire system is poisoned. Tanlac was designed to restore the stomach to a healthy condition and build up the whole body. Millions everywhere have acclaimed its wonderful power. Get a bottle to-day.

Tanlac is sold by all good druggists.
